Five years ago, Lisa Fedel lost her big sister Amy to a drunk driver. Lisa was in a coma for several days. Since then, she's been helped in her recovery by a number of teachers, healers, and other professionals, by her own strength and dedication, and by the support and prayers of our friends. Her latest major accomplishment was riding a two-wheeler for the first time. She's also taken up horseback riding, which challenges her coordination and confidence, and has run two 5K events with the Girls on the Run group. We want to have an opportunity to express our thanks to everyone and are using this concert as that opportunity.

The Amy Fedel Memorial Concert Series has been producing concerts since 1999 and has raised over \$1,500 for MADD and the Michigan Brain Injury Association. We welcome their participation again this year. Proceeds from this year's concert will again be donated to MBIA and MADD. For more information, visit [www.fedel.com/amyandlisa](http://www.fedel.com/amyandlisa).

Suggested donation is **\$10.00** for adults and **\$3.00** for kids.

The concert will be held at 7:00 p.m. on Friday, October 24, 2003 at  
Green Wood UMC 1001 Green Road, Ann Arbor
